O. N. G. Appropriation. Gen. Critchfield said today, e believed the appropriation for his National Guard would not

be cut more than \$50,000 for the two years.

In his argument before the governor Tuesday, Critchfield objected strenu- ously to any greater reduction. The principal increase is for armory rent- als, which amounted to something in excess of \$85,000 for the two years. The governor favored this encourage- ment of the guard until it became ap- parent that there would be a defec- iency if all the appropriations were allowed.

Bill Mysteriously Missing. It developed today that the Williams bill which modified the law of assum- ed risk was mysteriously missing from the governor's office and cannot be found. Both the senate and house clerk hold receipts for the bill show- ing presumably that it was regularly handled from those offices.

This measure is particularly impor- tant to workmen. It provides that al- though a workman continues working, in the knowledge that any machine or appliance with which he is engaged is defective, that fact does not con- stitute a defense for the employer.

In case of death from such acci- dents, the amount to be recovered in damages cannot exceed \$10,000, the amount for injury \$5,000.

It is probable that under the law which gives the department of factory inspection two additional deputy in- spectors one each of those appoint- ments will go to Cleveland and Cin- cinnati. At present there is but one deputy inspector in each city.

Henry J. Booth, of the Ohio State Bar Association called upon Gov. Herrick yesterday, to advocate the approval of the several judicial salary bills, which the governor has failed to ap- prove to date.

Dowd's bill which amends the code and corrects defects in a number of franchises that have been questioned by court action is being vigorously opposed before Gov. Herrick who has not as yet signed the measure.

TELEGRAPH INSTRUMENT

Through Which President Will Open St. Louis Exposition Will Be of Gold.

St. Louis, April 27.—Arrangements have been completed by a telegraph company for transmitting to St. Louis the touch of President Roosevelt, which shall open the Louisiana Purchase Exposition, Saturday. The managers of the company say that two separate circuits will be ready for the occasion so that there is lit- tle chance of interference from storms or other unforeseen occurrences.

The first circuit runs from Washing- ton through Cumberland, Baltimore, Pittsburg, and Indianapolis to St. Louis; the other extends through Baltimore, Philadelphia, Harrisburg, Pittsburg, Cleveland and Chicago.

A gold telegraph instrument will be used in transmitting the president's touch and this instrument will be pre- sented to President Francis after it has played its part in the opening of the exposition.

OLD Stories of Jewels Buried In Tomb With Wife of General Henry Livingston

Are What Brought About Robbery by Vandals of the Family Graves.

Grandson of Livingston and De- scendant of Chancellor Who Ad- ministered Oath of Office to Washington Is Dead.

Hudson, N. Y., April 27.—Investiga- tion of the vandalism of the tomb of General Henry Livingston, who died in 1808, leads the officials here to be- lieve that the sole object of the ghoul was to secure jewels of great value, which, according to tradition, were buried with Mrs. Mary Living- ston, the general's wife, who died in 1855. It is thought no attempt was made to carry away any of the bodies in the tomb. No arrests have been made but the officials say they be- lieve they can solve the mystery and punish the criminals.

Only one metallic coffin remains in- tact. The others, which were of wood, appear to have crumbled into dust, together with their contents.

Stories have been current in the river counties for nearly half a cen- tury to the effect that jewels of rare value were buried with Mrs. Living- ston at her expressed desire and it is thought likely these tales excited the cupidity of professional robbers.

Vandalism Hastened Death. New York, April 27.—Carroll Liv- ington, grand son of General Henry Livingston and "Lady Mary" Living- ston and a collateral descendant of the chancellor who administered the oath of office of President George Washing- ton, is dead at his home here. He was 71 years old. News of the dese- cration of his ancestor's tomb at Hud- son, N. Y., may have hastened his death. Mr. Livingston retired from the banking business many years ago and devoted considerable time to ama- teur sports.

STEAMSHIP CRAIGNEUK Sugar Laden, Is Ashore Three Miles Off Shore Because of Dense Fog.

Atlantic City, N. J., April 27.—The British steamship Craigneuk, sugar laden, from Matanzas for Sandy Hook, thence to Philadelphia, is ashore three miles below the south Brigantine life saving station. Captain Caidin, of the stranded steamship, says that dur- ing the severe northeast storm, The donas fog obscured the shore light, and before the captain could get his bearing the Craigneuk was hard aground. It is believed that the steamship will float at the next high tide. The vessel is lying in an easy position.

Washington, April 27.—(House)—When the house met at 10 o'clock to- day, it was still the legislative day of yesterday, a recess having been taken last night until that hour. Only a handful of members was present when Speaker Cannon called the house to order. Included among the number were Messrs. Dalzell and Cockran, each of whom was in his seat.

The house disagreed to the senate amendments to the military appropria- tion bill and asked for a conference. The speaker appointed Messrs. Park- er (N. J.) Mondell (Wyoming) and Sultzor, (N. Y.) conferees on the part of the house.

Notwithstanding the early hour of convening the galleries rapidly filled, the occupants evidently expecting a recurrence of the stormy scenes of yesterday.

Many conference reports on bills of a minor character were disposed of. Bills were passed: To regulate the disposal of public lands released and excluded from the public forest reservations.

To establish a life-saving station at or near the entrance to Tillamook Bay, Oregon.

Ratifying and confirming the pres- ent right of way of the Oahu railway and land company through military reservation of Kahuaka, Hawaii.

Mr. Hemenway called upon the con- ference report on the general de- ficiency bill.

Washington, April 27.—(House)—When the house met at 10 o'clock to- day, it was still the legislative day of yesterday, a recess having been taken last night until that hour. Only a handful of members was present when Speaker Cannon called the house to order. Included among the number were Messrs. Dalzell and Cockran, each of whom was in his seat.

To establish a life-saving station at or near the entrance to Tillamook Bay, Oregon.

Ratifying and confirming the pres- ent right of way of the Oahu railway and land company through military reservation of Kahuaka, Hawaii.

Mr. Hemenway called upon the con- ference report on the general de- ficiency bill.

The report was unanimously adopt- ed and the house then proceeded to the consideration of the conference report on the sundry civil appropria- tion bill.

Senate Business. Washington, April 27.—(Senate)—The senate met at 10 o'clock today but the attendance was very slender.

Mr. Hale presented the conference report on the general deficiency bill, which was agreed to without debate.

Mr. Burrows, chairman of the com- mittee on privileges and elections, presented a resolution authorizing that committee to sit during the recess of congress for the purpose of prosecuting its investigation into the charges against Mr. Smoot as a sena- tor from Utah. The resolution was referred to the committee on confin- ing expenses.

Mr. Allison presented the report of the conferees on the sundry civil appropriation bill.

Mr. Platt (Conn.) commented upon the feature of the report dealing with the proposed extension of the capitol, expressing the opinion that the act definitely committed congress to the extension and that in the future nothing would be said against it.

Mr. Hale and Mr. Allison expressed disagreement with this view, saying that congress was in no wise commit- ted.

In response to a request from Mr. Aldrich, Mr. Allison made a state- ment bearing upon the senate amend- ment covering the purchase of silver bullion for subsidiary coin. He said the amendment had been disagreed to because the provision which it had been proposed to insert is already law and that there is now no limitation on the power of the secretary of the treasury to purchase silver bullion for subsidiary coinage.

Mr. Aldrich agreed with Mr. Allison, saying that the finance com- mittee had given attention to the sub- ject and had concluded that under the provisions of the sundry civil act of 1903, the secretary's authority for the purchase of silver for subsidiary coinage is complete. He referred to the agitation of the question in connec- tion with the amendment as hysteri- cal, saying that there is no more danger that the secretary will corner the silver market than that he will corner the copper market or the mark- et in any other metal.

The conference report on the sundry civil bill was agreed to. A number of

minor bills, including the following were passed:

Authorizing the secretary of the in- terior to take steps for the preserva- tion of the cliff dwellings and other prehistoric ruins in Colorado and other states.

Providing for the payment of dam- ages on account of rifle practice at Fort Preble, Me., Fort Winthrop, Mass., and Forts Hamilton and Wright, New York.

Russian Battery Opened Fire And the Report Is Current in St. Petersburg That the Japanese Lost Heavily--Japs At- tempted to Cross River at Several Different Points.

ST. PETERSBURG, APRIL 27.—6:29 P. M.—THE GENERAL STAFF BELIEVES THAT ONE OF THE JAPANESE COLUMNS WHILE AT- TEMPTING TO CROSS THE YALU RIVER AT TUREN CHEN SUS- TAINED SEVERE LOSS, OWING TO UNEXPECTED SHELLING BY A RUSSIAN BATTERY FROM THE OPPOSITE BANK, WHICH DE- STROYED THE JAPANESE PON- TOONS.

THE JAPANESE, THE GENERAL STAFF SAYS, TRIED TO CROSS THE RIVER AT SIX OR SEVEN DIFFERENT POINTS AND SUC- CEDED AT ONLY ONE POINT. THE STAFF HAS NO FURTHER NEWS.

St. Petersburg, April 27, 3:12 p. m.—M. Boubnoff, who has been awarded \$12,500 for improvements in subma- rine boats, in an interview, says:

"There is less danger in navigating a submarine boat than a torpedo boat and during a battle the former is safer than either vessels." Admiral Verkhovsky has showed the express an image of the virgin for which is claim- ed miraculous properties, which the Russians fervently hope is going to turn the tide of battles at Port Arthur. The admiral told the express the story of the image, which depicts the virgin as she appeared in a vision to a soldier, a veteran of the siege of Sebastopol. Two months before the out- break of the present war the virgin came to the sailor in a dream and said: "Many woes are going to be- fall Port Arthur until my image is sent there. Then Port Arthur will be victorious."

The sailor went on a pilgrimage to the great monastery of Kieff and told his dream to the 10,000 pilgrims there. Each of them gave five ko- pecks (2½ cents) to have the dream depicted, but the artists who made the image refused to receive payment. The ikon eventually was sent to Ad- miral Verkhovsky a senior admiral. It represents to virgin bearing an image of Christ, with Archangels on either side and God the Father above, saying: "There can be but one flock and one shepherd."

Trials Successful. Port Arthur, April 27.—The suc- cessful trials of the submarine boats here are regarded by the Novo Vrem- ya as opening fresh prospects for ac- tive operations on the part of the Russian fleet.

Caused Rise in Prices. St. Petersburg, April 27.—3:12 p. m.—The crossing of the Yalu river by the Japanese forces did not impress the Russians, in view of the reports of the ensuing Japanese reverse. These reports became more persistent at noon, and caused an all-round rise in prices on the Bourse, but, so far, there has been no confirmation of them officially.

Running of Mines Assured. Seoul, April 26.—1 p. m.—The Ger- man steamer Amlago has arrived at Chemulpo with bullion from the American mines at Unsan. It is re- ported that the imperial Japanese mint at Osaka has guaranteed to sup- ply the special necessary to insure the running of the British mines at Unsan, contracting to take the total bullion output of the mines. The wage payments of the mines will amount to about \$7,500 per month. The mint will pay, in the value of gold, the difference between the mines bul- lion output and the amounts advanced. The uninterrupted operation of both the American mines at Unsan and the British at Unsan is assured while the Japanese are paramount.

APARTMENT HOUSE BURNED. One Woman, a Paralytic Was Re- moved by Fireman, After She Was Overcome.

Cleveland, April 27.—Fire of un- known origin today gutted the Hanna apartment house on Superior, near Mulron street. The flames spread with remarkable rapidity and the thirty-seven families occupying the building had, in some instances, bar- ely time to make their escape. One woman, a paralytic, was removed by the firemen, after she had been over- come by smoke. The pecuniary loss- es will probably aggregate \$15,000.

BULLETIN. BRAINARD, MINN., APRIL 27.—A FIRE WHICH STARTED AT MID- NIGHT DESTROYED THE GREAT- ER PART OF THE BUSINESS POR- TION OF THIS TOWN, CAUSING A LOSS WHICH IS ESTIMATED AT \$150,000.

Pittsburg, April 27.—Engine No. 2220 of the Baltimore and Ohio rail- road, east bound exploded early today, while passing Tenth street, Braddock. Three men were fatally injured, three others dangerously hurt and five buildings were wrecked.

Two of the houses caught fire and were destroyed. The fatally injured are: M. A. Hunter, engineer, Con- nellsville; I. J. Gorn, fireman, Con- nellsville; Fred J. Deagle, Mars, Pa.

Those seriously hurt are: Harry Dowling, Warren Dowling and George Bortock.

The engine was proceeding east with a long freight train and was moving with considerable speed, when suddenly there was an explosion. This was followed by a cloud of steam, cinders and flames, which continued to be propelled into the air until the engine reached Eleventh street, a block away. Here it left the tracks, the boiler being blown twenty-five feet, striking St. Paul's Polish Luth- eran church, and partly demolishing it, while a cylinder head crashed through an ice house. The cause of the explosion has not been ascer- tained.

THREE FATALLY HURT IN EXPLOSION. Boiler of B. & O. Engine Running at High Speed Lets Go--Three Seriously Injured--Five Houses Were Wrecked.

ST. PETERSBURG, APRIL 27.—The regula- tions to be observed by war corres- pondents with the Russian army were published in today's issue of the Novikra. Correspondents of foreign newspapers must have letters of re- commendation from their govern- ments to the Russian foreign office and every correspondent must promise in writing not to divulge secret des- patches or criticize the orders of those in command, and must similar- ly agree to give a true account of events and avoid irresponsible re- ports. They are warned that in the event of infraction of these regula- tions, indiscretion, or want of tact they will be sent home. All cor- respondents are absolutely prohibited from visiting the admiralty docks, work shops or naval establishments, or from using boats in the harbors or roadsteads of Port Arthur or Vladiv- osok. Correspondents must undertake not to ask that exceptions be made in their favor and on arriving at the front must report to headquarters with their credentials and an authen- ticated photograph.

The headquarters staff will then assign the correspondents to the various staffs or districts. The rest will depend on the staffs concerned. Cor- respondents will be held responsible for their servants. Before they can stay at any fort the consent of the commander must be obtained.

Correspondents are required to wear a distinguishing badge on the left arm. Code messages are prohibited. All messages will be censored at headquarters by the staff of the Manchurian and Amur armies, by the administration of the various military districts and at Harbin by the gover- nor, while censorship will also be es- tablished at the island of Sakhalin, Yien Kow and at the Ports at Port Arthur and Vladivostok.

SUDDEN VISIT OF GRIM DEATH.

Mrs. E. D. Povenmire Died of Heart Failure at Home on North Elizabeth Street This Morning.

Mrs. Frances A. Povenmire, wife of Mrs. E. D. Povenmire, a well known insurance solicitor, died very suddenly who happened to be passing the at her home, 732 north Elizabeth street, this morning, about 1:30 o'clock, death resulting from a sudden attack of heart failure. Mrs. Povenmire had been in ill health for about a year, suffering from nervous trouble, but seemed as well as usual this morning. She was doing some light housework, when suddenly she sank to the floor and became unconscious. Her daughter summoned assistance immediately and a physician was called in. The latter, upon this, years and days were ordered. By a party vote 169 to 125 the speaker was sustained in his ruling on the Cokran resolution. The house then resumed consideration of the shipping bill.

COKRAN DENIED PROTECTION.

Washington, April 27.—Speaker Payne moved to lay the appeal on the table. Upon this, yeas and nays were ordered. By a party vote 169 to 125 the speaker was sustained in his ruling on the Cokran resolution. The house then resumed consideration of the shipping bill.

GOVERNMENT PREDICTIONS

Are That Mississippi Will Reach 35 Feet Stage at St. Louis Tomorrow.

St. Louis, April 27.—The Mississippi river registered 32.2 at the government gauge here and is still rising. It is expected that the predicted stage of 35 feet will be reached by tomorrow.

There was a slight break in the levee north of St. Louis on the Illinois side and the flood is threatening Madison, Venice and Granite City. The water has risen to the level of the streets in West Madison and people are abandoning their homes and seeking safety on the high grounds near Edwardsville.

It is estimated that 150 families have been forced to leave their home in the Missouri river bottoms and 10,000 acres of farm lands are inundated.

Worked a Rather Unique Scheme.

Late Wives Were Servants to Other Wives.

Sheriff of Davis County, Utah Testifies in Smoot Hearing, and Says He Tells All He Knows.

Washington, April 27.—L. E. Abbott, sheriff of Davis county, Utah, was before the senate committee on privileges and elections today in the Smoot investigation. He was examined in regard to Apostle John W. Taylor, who he says is reported to have five wives. Two of these wives are neighbors of Mr. Abbott in Farmington, Utah.

These wives are known as Nellie Wooley, who has five children ranging from 11 to 2 years, and Nellie Todd, who has six children ranging from 16 to 2 years, all of whom are recognized as Apostle Taylor's children. Two other wives of Apostle Taylor said Mr. Abbott, are Rhoda and Roxy Welling, who are about 23 or 24 years of age. It was reported two years ago that they had been married to Taylor. One was working for Nellie Wooley and the other for Nellie Todd, both as domestics.

Senator Overman wanted to know if their ages had been given correctly at about 24 years. The witness said he believed that to be about their ages. "Then they must have been married since the manifesto," said the senator.

"I don't know. I have told you all I know about them," responded the witness.

Guaranteed for all Kidney and Bladder Diseases. Is Safe and Sure.

Foley's Kidney Cure cures the most obstinate cases of kidney and bladder diseases.

It supplies the kidneys with the substances they need to build up the worn out tissues.

It will cure Bright's Disease and Diabetes if taken in time, and a slight disorder yields readily to the wonderful curative power of this great medicine.

It soothes and heals the urinary organs and invigorates the whole system. If your kidneys are deranged, commence taking **Foley's Kidney Cure** at once. *It will make you well.*

TWO SIZES 50c & \$1.00

A Physician healed, now prescribes it daily.

Dr. Geo. E. Wink, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with **Foley's Kidney Cure**: "For years I have been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use **Foley's Kidney Cure**. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles, for I can honestly state I have prescribed it in hundreds of cases with perfect success."

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continuing indulgence in whiskey, beer or wine acts on the stomach lining and stiffens the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist whom you know what he thinks of ORRINE; he will endorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!

No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price \$1 per box. We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness.

JUDICIAL CONVENTION.

The democrats of the Third Judicial
Circuit District of Ohio, will meet in con-
vention at Lima, Ohio, on Tuesday, the 2nd
day of May, 1904, at 10 o'clock a. m., for
the purpose of placing in nomination a can-
didate for circuit judge of said Third
Judicial District of Ohio, and for the fur-
ther purpose of transacting such other
business as may properly come before said
convention.

Delegates not already selected shall be
selected and named in such manner as the
several counties in this several circuit shall
determine.

The basis of apportionment in the con-
vention will be one delegate for every one hun-
dred votes cast for William Jennings
Bryan for president of the United States in
1896, and one delegate for each fraction of
fifty or over.

Under the apportionment, the several
counties will be entitled to representation
as follows:

DEMOCRATIC COMMON PLEAS
CONVENTION.

The democrats of the first sub-di-
vision of the third judicial district of
Ohio, will meet in convention, in the
Assembly hall of the court house at
Wapakoneta, Ohio, at 10 o'clock a. m.,
on Friday the 29th day of April A. D.,
1904, for the purpose of placing in
nomination a candidate for common
pleas judge for said first sub-division
of the third judicial district of Ohio;
and for the further purpose of trans-
acting such other business as may
properly come before said convention.

Delegates not already selected shall
be selected and named in such manner as
the Central committee in the several
counties shall determine.

The basis of apportionment in the
convention will be one (1) delegate
for each one hundred (100) votes cast
for William Jennings Bryan for presi-
dent of the United States in 1896; and
one (1) delegate for each fraction of
fifty (50) or over.

According to the apportionment, the
several counties will be entitled to
representation, as follows:

Allen 65 votes.
Auglaize 48 votes.
Mercer 45 votes.
Shelby 38 votes.

Total 197 votes.

OFFICIAL CALL

FOR THE DEMOCRATIC STATE
CONVENTION.

Pursuant to the order of the demo-
cratic state central committee, notice
is hereby given that the convention of
the democrats of the state of Ohio, to
nominate candidates for state officers,
to be voted for at the November elec-
tion, 1904, and to nominate four dele-
gates at large, four alternates at large,
and two electors, will be held at Co-
lumbus, Ohio, on

Tuesday and Wednesday, May 24th
and 25th, 1904.

Each county will be entitled to one
delegate and one alternate for each
five hundred votes cast for Wm. J.
Bryan, for governor of state, at the
November election, 1904, and one al-
ternate delegate and alternate for the
remainder of votes exceeding two
hundred and fifty.

Delegates to this convention shall
be elected through primaries, delegate
conventions or mass conventions, for
the holding of which at least ten days
notice shall have been previously given
designating the time and place for
the holding of such primaries and con-
ventions, and called by the controlling
committees of the party in such coun-
ties, except that the delegates from a
county containing a city in which
there is a registration of electors, and
in which city the number of voting
precincts forms a majority of the pre-

citizens of the county, shall be selected
by the direct vote of the people, or by
a convention composed of delegates
selected by direct vote of the people at
a primary election held in pursuance
of the laws of this state. No county
central or executive committee shall
have power to name delegates to the
state convention.

All delegations shall submit their
credentials to the state central com-
mittee at Columbus, on Tuesday, May
24th, 1904, at 2 p. m. The delegations
will meet by districts at 4 p. m. on
Tuesday, May 24th, at such places as
may be designated by the committee
on arrangements, for the purpose of
selecting one member of each of the
following committees:

State central committee, resolu-
tions, credentials, rules and order of
business, permanent organization,
vice president and secretary.

All of such committees will meet at
places to be designated by the com-
mittee on arrangements, at 8 p. m., of
the same day.

The convention will be called to order
in the Goodale street auditorium
at 9 a. m. Wednesday, May 25th, 1904.

The temporary officers will be:
Chairman, Hon. R. L. Starr; Sec-
retary, Hon. W. G. Beebe; Assistant
Secretaries, Messrs. Sloane Gordon
and Judge Martin Burke; Sergeant-at-
Arms, Joseph Goldsoll.

All such convention candidates shall
be named for the following offices:
Secretary of State, Judge Supreme
Court, Clerk Supreme Court, Member
Board of Public Works, Dairy and
Food Commissioner.

The apportionment of delegates and
alternates in the convention shall be
as follows:

Delegates
Allen 10
Auglaize 10
Crawford 10
Darke 10
Mercer 6
Shelby 6
Total number of delegates in con-
vention 723. Necessary to a choice
362.

WEATHER.

Washington, April 27.—For Ohio:
Fair tonight and Thursday except
rain in east portion; fresh north
winds.

Give us a change!

When the Northern Securities mer-
ger was put to sleep, there were no
more knock-out drops left for the beef
trust.

When the inheritance tax is declared
unconstitutional, it will leave the
treasury of the state of Ohio in worse
condition than the national treasury
was in the months following the de-
cision of the United States supreme
court that an income tax was uncon-
stitutional.

While the administration is through
its congressional spokesmen advo-
cating the abolition of big battle-
ships, especially those of the Iowa
type, because they are top heavy, and
when hit hard "turn turtle" it should
also consider the advisability of lop-
ping off a few paper warblers of the

same class who sail up - the editor
alias. By taking this latter course it
may yet be possible to preserve to the
republican party its present Roose-
veltian autonomy.

Before the passage of the Cox
school code, which gives to Cincinnati
its right to have a board of 32 mem-
bers, Cleveland its board of four mem-
bers, and Columbus whatever the ex-
isting board determines, except that
there must be two elected at large,
and not more than 30 can be elected
by districts, and to other cities and
districts a general law governing them
in the selection of school boards. Gov.
Herrick should have asked Attorney
General Ellis for his opinion as to
whether the enactments for Cincin-
nati, Cleveland and Columbus were
not special legislation, and therefore
unconstitutional.

SCHOOL CODE OPINION.

Mr. Cox still seems to be the whole
state of Ohio when it comes to the
public schools. And the odious book
trust laughs up its capacious sleeve at
the people.—Toledo. News-Bee.

COIN HARVEY.

"Coin" Harvey says silver is a dead
issue. For he is now president of a
railroad—\$10,000 salary," says the
Urban Times-Citizen. It is entirely
mistaken, however. Mr. Harvey's sal-
ary has no connection with his pre-
sent opinion. A salary of \$10 a month
would not change it. He is a man of
actual ability. He knows that the
question was an important one in
1896. He knows that it is not in is-
sue now.—Columbus Citizen

NOTHING TO OPERATE ON.

Somebody has called attention to
a statement made by a western editor
that when democrats were in power in
national affairs, 1885-1889, 1893-
1897, "not a thing was done to sup-
press any combines," and that some-
body asks the Times-Democrat to
make answer to the charge.

Nothing could be easier, or more
appropriate just at the beginning of a
campaign of education, and when a
change is necessary.

During the period mentioned there
was no beef trust, there was no North-
western Securities Co. there were in fact
none of the illegal combinations of
capital as they exist today. Not un-
til the Dingley tariff law in 1897 did
combines have a footing on which to
stand. In 1890 they began to nurture
under the McKinley tariff act, and
would doubtless have come unto full
bloom earlier than they did had not
the Wilson democratic tariff of 1895
slipped them in their budding.

That these trusts had their incep-
tion in high protection is recognized
even by the broad minded republicans
of Iowa.

In their state platform of 1902, they
said:

"Tariff rates should be just fair and
impartial, equally opposed to foreign
control and domestic monopoly, to
sectional discrimination and indi-
vidual favoritism, and from time to
time be changed, etc."

Most all Iowans are advanced in
thought, so much so that there is a
strong possibility of the state going
democratic this fall, and the above
declaration that the most alarm-
ing features of present conditions are
the evils arising from trusts; that
these evils are made possible only by
legislation which favors one class
against another, that in order to re-
medy those evils connected with the
growth of trusts, all tariffs on trust
made goods must be removed, and tar-
iff schedules adjusted with a view to a
tariff for revenue only. That done
there would be no more "Domestic
monopoly," as they call it in Iowa.

PRESIDENT POWERLESS.

The big four at Chicago, Armour,
Swift, Morris and Cudahy, are the
most powerful combine on the globe,
in the slaughtering, packing and ship-
ping of cattle, hogs and sheep. They
own all their own cars and dictate
prices of transportation, they make and
unmake prices on live stock and levy
tribute on the public as they see fit, in
prices of meats. The farmers are
their prey, when they come to market,
and the consumer the victim at the
tail end of the race.

Buying hogs in the west and laying
them down at Cincinnati for cents a
hundred cheaper than the home mar-
ket, is one of the feats only the big 4
can accomplish. It is a "trick of the
trade" in Chicago to hoist prices 50 to
75 cents, get a rush of stock and hogs,
then with overcrowded pens and dollar
corn and \$15 hay to feed, to with-
draw all buyers and carry over 15,000
to 20,000 head—the next day the buy-
ers name their own terms and the
home-sick stockman accepts the situ-
ation. This is termed "milking the
market," and this is how Cincinnati
is getting hogs 60 cents cheaper than
a few days ago. The big 4 have their
own way, in the stock and provision
world, and the president and his la-
bor bureau are powerless in the face
of the great meat trust.—Republican
Cape.

The beef trust seems to have Bro.
Campbell on the hog. He dreams of
it by day and writes of it by night.
However, this is not strange, since it
is so closely interwoven and identified
with the republican party that it is
fitting both should wallow in the same
puddle. It is something to be proud
of, this association with the "most
powerful combine on the globe," as
parent, and especially is this true at
butchering time, just before election
in the fall, when fat which the combine
has fished from the farmers can be re-

Get Little Satisfaction From Knox
in Its Fight Against Paper
Trust.

Washington, April 27.—Conde Ham-
lin, of the St. Paul Pioneer Press, Don
C. Sells, of the New York World and
John Norris, of the Philadelphia Lod-
ger and New York Times, represent-
ing the American Newspaper Publish-
ers' Association, called on the attor-
ney General, and laid before him a com-
plaint against the so-called paper
manufacturers trust, alleging viola-
tions of the Sherman anti-trust act.
The attorney general explained to
them the distinction between what
could and what could not be accom-
plished under the Sherman act, and
particularly the distinction the courts
have drawn between combinations af-
fecting production and combinations af-
fecting interstate commerce directly.
Yet upon a showing of evidence which
seemed to indicate that a combination
exists in the paper business, whereby
different paper manufacturers have
agreed to adjust the supply of paper
and to divide among themselves the
territory of its consumption, the at-
torney general stated that he would
have an investigation made, and if it
was found that this feature of the
charges could be sustained, he would
institute appropriate proceedings to
stop it.

not be a good plan to require all
members present in good standing
to vote either for or against every
question submitted.

A member in arrears is permitted
to attend his lodge for a long-time yet
should he become sick and in great
need his lodge is under no statutory
obligations to assist him either in at-
tendance of nurses, visitation, or sick
benefits, and in fact are prohibited
from giving such assistance unless
specially provided for in the local by-
laws from the very time his arrears
ages begin; some have suggested that
the time of assistance be extended or
his time of permission of attendance
at his own lodge be shortened as a
proper remedy for this.

Another matter of vital importance
may soon come before the sovereign
grand lodge, and if it becomes a law
would affect every subordinate lodge
in the jurisdiction I deem it best to
mention it here.

That is, to change the age of admis-
sion from 21 years to 18 years thus
getting younger blood into the lodge,
and it is thought put more spirit and
energy into the work. This matter is
entirely with the sovereign grand
lodge but proper here I deem for dis-
cussion.

Many other valuable and important
changes might be in contemplation
and suggested, but trusting the object
of this paper (to bring out discus-
sion and thus indicate to our repre-
sentatives to the grand lodge what we
consider as some of the proper legisla-
tion) and this paper having already
assumed some length, and having re-
ferred to the matters that in the fu-
ture may be some of the subjects of
such legislation, I deem it best to
close by, thanking you for your atten-
tion.

d Property Owners De-
mand That the Street
Railway Co. Pay.

Street and Lakewood Avenue
Having the Source of Protests
Received by Board of

be heard of public service is hav-
ing its own troubles over the Cole
et and Lakewood avenue paving.
property owners refuse to pay
assessments levied against them
he schedule prepared by the city
inner, the street railway company
lines to be assessed for the im-
provement and the contractor de-
cides the payment of a bill of ex-
penditure that will aggregate
ut \$2,000.

be property owners protest by
the cost of the paving between
on the outside of the street rail-
ways has been apportioned to and
essed against them, making the
t to them for the improvement,
ut \$60 per lot higher than it

would be if the solicitor and engineer
had drawn the usual assessments
against the street railway company.
The property owners held a meeting
in the office of John Boose last even-
ing and appointed a committee of
nine, headed by F. E. Harman, to in-
vestigate the improvement legisla-
tion and the validity of the street
railway company's claim to exemption
from assessment for any portion of
the improvement south of Elm street.
The company claims that it was never
served with proper notice of the im-
provement being contemplated and
further it owns the right of way south
of Elm street and cannot legally be
assessed for the improvement.

The report made to the city clerk
by Walter G. Ferguson, who was em-
ployed by the city council to serve no-
tices on the property owners of the
contemplation of the improvement,
does not show that any notice was
served upon the street railway com-
pany.

Next comes the contractors, the E.
M. Ayers Paving Co., who claim that
the specifications provided for the en-
tire removal of the street railway
tracks, during the progress of the ex-
cavation and construction work, but
that the tracks were kept in service,
causing great delay and additional
cost in the construction of the paving.
The contractors refused to give the
city a receipt in full today on the pay-
ment of the engineer's final estimate
and as a result the whole affair will
probably have to be threshed out in
the courts.

In the Case

Of Lovett vs. Lima Ma-
chine Works.

Motion for a New Trial Over-
ruled and Case Goes to
the Circuit Court.

Two Incurable Lads Were Taken
to the Reform School at Lan-
caster by Deputy Sheriff
Freet.

A motion for a new trial in the case
of Thos. Lovett vs. the Lima Locomo-
tive and Machine Co., which was ar-
gued before Judge Cunningham and
overruled. The plaintiff recovered a
judgment against the company for
\$600 on account of injuries sustained
while employed in operating an al-
leged defective lathe, and now that the
motion for a new trial has been over-
ruled the case will be taken to the
circuit court for a decision.

Now They'll Be Good.

Elmer Bell and Edward Swarthout,
two lads who were sentenced to the
reform school by Probate Judge
Miller, were taken to that institution
today by Deputy Sheriff Freet.

A Compulsory Witness.

George Foltz, convicted and sen-
tenced to the penitentiary for a year
at the last term of court, for car
breaking, was brought back today to
be used as a witness before the grand
jury in the investigation of a similar
case.

Fell From a Scaffold and Was
Painfully Injured.

S. P. Driver, a carpenter, of south
Pierce street, while at work on west
Wayne street, yesterday afternoon,
fell from a scaffold, his right hand
coming in contact with a nail which
protruded from a board. The rusty
nail was driven almost through the
fleshy part of Mr. Driver's hand. A
physician dressed the wound, but it
has given him much pain, keeping
him awake all last night. No serious
results are anticipated.

Lima vs. Van Wert.

Several of Lima's best bowlers will go to Van Wert tomorrow night to try their strength against a team of experts in that town. The bowlers will be accompanied by a number of enthusiasts who will root for a Lima victory.

The National Game.

Black winds and cold rains kept league teams from appearing on the diamond yesterday, and another postponement resulted for Cincinnati and

longer useful to the institution. In case of his removal the students threaten trouble.

A WONDERFUL CONTRALTO.

Miss Florence Mulford, the contralto, who sings in the May Festival, May 6th, is acknowledged to be one of the most accomplished oratorio contraltos in the country. She is a young woman who has made her career by combining natural endowment with conscientious study here and abroad. She has chosen oratorio as her life work and has refused flattering inducements while in Germany last summer to devote her time to her chosen work.

"I had a running, itching sore on my leg. Suffered tortures. Doan's Ointment took away the burning and itching instantly, and quickly effected permanent cure." C. W. Lenhart, Bowling Green, O.

THE IDLER.

A press dispatch from Kenton says: Sixteen critics have sent word to Superintendent C. J. Britton that they will enter the interurban oratorical contest to be held here on May 13. This is the largest number which has ever entered such a contest in this district. All but four of the critics have selected their orators and already placed orders for accommodations to be provided for their delegations, the smallest of which will be at least 200. Toledo has arranged for a special train over the Ohio Central lines and will bring a delegation of 500. Findlay will make use of the same train and has ordered seats reserved for 300. Sandusky, Tiffin and Clyde will also come on a Big Four special.

The old song that politics is the downfall of many a good man is soon to be again verified if reports are true. These have it that Hon. F. B. U. by President Belt, who believes Willis has gone into politics too much to be

AN ORDINANCE—authorizing the borrowing of money to supply deficiency in public health fund. Where-

THE STAGE.

Notwithstanding the general depression in the theatrical business this season—the somewhat remarkable fact is worthy of record that Liebler & Co. have no single failure to lament. Every attraction they put out proved to be a money maker, and some of them have made a great deal of money, while two of them were accepted as the two most marked successes of the New York season, viz., Eleanor Robson in "Merely Mary Ann," and Kyrie Bellow in "Raffles." It is also true that Miss Ada Rehan and Mr. Otis Skinner, who played a season of twenty-five weeks in classic repertoire under the Liebler & Co. management, played to the largest receipts of the New York season in their engagement at the Lyric Theatre.

Hall Caines' "The Eternal City," which has had an extremely profitable season, including, as it did, a trip to the Pacific coast, will possibly close its season early in May, going to Pittsburgh from Chicago, and thence to Buffalo, Toronto and Montreal. A week's engagement of smaller cities will follow and then it will be brought in for a brief season of rest. Early in August it will be put on at the Academy of Music, New York, for a three weeks stay, and this will be followed by a similar engagement at the Boston Theatre, Boston, from whence it will go on tour, remaining out the entire season. The expectation is that next season's cast will remain practically the same as this.

Kyrie Bellow, in "Raffles," the amateur Crackman," enjoyed the record run in New York city this season, playing 209 performances. He could have remained for a hundred more performances, but had to close to fill his engagement made with the big "all-star" revival of "The Two Orphans." He lost no time, however, playing Raffles on a Saturday night, and the Chevalier in "The Two Orphans" Monday night. Next fall he goes direct to the Pacific coast, opening in Denver in August, and playing San Francisco the first week in September. His return to the east, will be by the way of the Northern Pacific, playing all the larger cities in the northwest and en route.

The big revival of "The Two Orphans," of which the veteran A. M. Palmer has been given the direct management, is a very pretentious and audacious undertaking, inasmuch as it embodies a cast big enough to eat up the receipts of any ordinary house, even though it be packed to the doors, but the New Amsterdam theatre, where it had its opening last Monday, is a tremendous Auditorium, holding close to \$2,700 at regular prices, and in this "The Two Orphans" promises to play to capacity for some weeks to come—and should it do so the somewhat difficult problem is solved. In this great revival, for the presentation of which no less than three pronounced successful runs were summarily cut short, Kyrie Bellow plays the Chevalier de Vaudray, James O'Neill plays Pierre, Grace George is the Louise, Margaret Illingworth the Henriette, Charles Warner the Jacques, E. M. Holland the Picard, Clara Morris, Sister Genevieve, Annie Irish the Countess, Elita Proctor, Otis Mother Frochard, James Lee Finney the Marquis de Presales, Clara Blandick the Marianne, Frederick Berry the De Linnier, etc., etc. Truly a marvelous and a marvelously expensive cast, and the production, as might be expected, is worthy of the cast.

For Cotton, and Subject to Speculation Until Annual Crop Is Ample.

Boston April 27.—In his annual address to the members of the New England Cotton Manufacturers Association, which began its yearly convention here today, President Herbert E. Walmsley said that one of the most pressing questions engaging the attention of the cotton world today was that of the development of the resources of the southern cotton belt. He held that it was essential to the interests of the United States, as a producer, manufacturer and exporter of cotton, that the supply from our fields be increased and its cost reduced so as to retain an enormous source of wealth to the country. He expressed the belief that the trade would never be free from "unlawful high prices, speculation and unsatisfactory and harmful fluctuations, until there is an ample supply of the raw material."

For Cotton, and Subject to Speculation Until Annual Crop Is Ample.

Boston April 27.—In his annual address to the members of the New England Cotton Manufacturers Association, which began its yearly convention here today, President Herbert E. Walmsley said that one of the most pressing questions engaging the attention of the cotton world today was that of the development of the resources of the southern cotton belt. He held that it was essential to the interests of the United States, as a producer, manufacturer and exporter of cotton, that the supply from our fields be increased and its cost reduced so as to retain an enormous source of wealth to the country. He expressed the belief that the trade would never be free from "unlawful high prices, speculation and unsatisfactory and harmful fluctuations, until there is an ample supply of the raw material."

TRACK
NOTES.

Engineer Isaac Donaldson of the
L. E. & W., who jumped from his en-
gine just before it sideswiped a
freight train at Whitmore Monday
afternoon, now feels the effects of the
severe shock he sustained. He re-
ported himself not injured after the
wreck and came to this city on the
train his engine had been pulling but
yesterday he felt too sore and ill to
leave his home and was attended by
the L. E. & W. company's local sur-
geon. His tongue is greatly swollen
from having been lacerated by his
teeth and he complains of bruises
about his head and body.

Fireman Paul Seaton, who had his
back injured by jumping from Donald-
son's engine, is still in the hospital at
Sandusky.

The engine that Mr. Donaldson was
running when the wreck occurred,
was passenger engine No. 24, the en-
gine that was turned over at the C. &
E. crossing in a collision with a dou-
ble-headed Erie freight train several
weeks ago.

Foreman Minniek, of the L. E. & W.
shops, made a record for fast time on
turning out disabled engines, by turn-
ing passenger engine No. 24 out to-
day ready for service again. This is
the engine that was in the "side-
swipe" at Whitmore day before yes-
terday. Engineer Chas. Losee and
Fireman Will Hanson went out on the

Best Cough Medicine For Children.

When you buy a cough medicine for
small children, you want one in which
you can place implicit confidence. You
want one that not only relieves but
cures. You want one that is unques-
tionably harmless. You want one that
is pleasant to take. Chamberlain's
Cough Remedy meets all of these
conditions. There is nothing so good
for the coughs and colds incident to
childhood. It is also a certain pre-
ventive and cure for croup, and there
is no danger whatever from whoop-
ing cough when it is given. It has
been used in many epidemics of that
disease with perfect success. For
sale by all druggists.

CURED WHEN OTHERS FAILED

1654 Winnemac Avenue,
CHICAGO, ILL., Oct. 25, 1902.

Wine of Cardui can always be relied
upon to cure when everything else fails.
It is a certain cure for female diseases in their
worst forms. I suffered for years with ulcer-
ation. Intense pains in the womb and ovaries
and dreadful headaches afflicted me for my
work. Finally I grew so ill that I had to keep
to my bed. The pains were so intense at times
as to cause spasms and a disagreeable discharge
drained my life force. In my extremity after all else
had failed, I tried Wine of Cardui. After using it for
two weeks I began to improve so rapidly that I felt en-
couraged to keep up the treatment, which I did for eight-
teen weeks, but at the end of that time I was entirely cured. What a
relief was mine and how new and beautiful life looked to me when my
health was restored. Only those who have passed through such a siege
of sickness as I have will understand how much I value Wine of Cardui.
It is indeed
a boon to
sick women.

Every weak woman needs Wine of Cardui. Wine of Cardui cures dis-
ordered and painful menstruation, periodical headaches, falling of the
womb and leucorrhoea. It cures extreme cases of these troubles. It
strengthens girls approaching womanhood, helps bring children to barren
homes, makes pregnancy and childbirth easier, prevents miscarriages and is
the best medicine ever made for use during the change of life. Why permit
the good women in your home to suffer another day? Every druggist
has \$1.00 bottles of Wine of Cardui.

THE TOILETTERS IN OUR FACTORIES

NO workmen in the world can do so much as the same intelligent that our own American work-men and women are capable of. That is why America is now beating the world in manufactures; all due to the brain and muscle of our Yankee men and women.

Unfortunately where there is smoke, dirt and dust and little sunlight there also can be found the germs of disease. Nature's great disinfectant is sunlight. Sunlight and fresh air promote the growth of animals and plants but kill the germs of disease. Air, free from dust, such as we have on the sea, never permits the germs of disease to have any chance for growth and development. It is in the factory, the work-shop, the office, that men and women suffer from diseases which are in the dust and the bad air. Such disease germs enter into the blood in two ways, either through the lungs or stomach. If the blood is pure and rich, the liver and stomach in healthy active condition, the germs of disease cannot find a resting place there to multiply. Disease of the lungs, bronchitis and consumption, are very apt to spread through a factory where there is much fine dust in the air. The lungs become irritated and the germs find a fertile field for growth. Extreme weakness, feelings of nervous exhaustion, coughs and colds are the warning signals which should be heeded. One should put the system in the very best possible condition right away.

After years of experience in an active practice, Dr. Pierce discovered a remedy that suited these conditions in a blood-maker and tissue-builder, which at the same time alleviates the cough. He called it Dr. Pierce's Golden Medical Discovery—an alterative extract that assists in the digestion and assimilation of the food in the stomach—so that the blood gets what it needs for food and oxidation, the liver is at the same time started into activity and there is perfect elimination of waste matter. When the blood is pure and rich, all the organs work without effort, and the body is like a perfect machine; if, however, any part is allowed to rust, and this human machine does not get its full supply of rich red blood (which acts like oil on machinery), then new fields are created in which the bacteria or germs of disease thrive and multiply. The germs of grip, malaria, catarrh or consumption find a fertile field if the body is not kept in perfect order and the blood pure. No

man or woman can be strong or feel happy who is suffering from indigestion. Because the stomach is diseased there is a diminution of the red corpuscles of the blood. This is why one is sleepless, is languid, nervous and irritable. Sensitive stomachs groan aloud at the irritating Cod Liver oils, but they will get all the food elements the tissues require by using the "Golden Medical Discovery."

Mr. Roy A. Reed, of Casper, Wyoming, writes: "For eight years I had catarrh of the throat in the very worst form; could hardly speak above a whisper for two years. Tried nearly a dozen patent medicines without relief. I was so discouraged that I just about decided catarrh could not be cured with any medicine. My father, however, advised me to try Dr. Pierce's medicines before giving up. I followed his advice and commenced using the medicine on the twentieth of December. I was surprised to note the result of the first month's treatment. After using six bottles of Dr. Pierce's Golden Medical Discovery, I was perfectly cured. It has been months since I took the last medicine, and I have not had the least return of my trouble. I have felt better during the past two months than for seven winters previous to this time."

Mrs. Lydia Jones, of Ogdensburg, Wis., writes: "As regards my medicine I will say that the 'Golden Medical Discovery' is a God-send to suffering women. I was sick in bed with liver complaint and kidney disease and fever when I began to take Dr. Pierce's Golden Medical Discovery. In ten days' time I was so I could begin to get around the house, and gained right along. After that, took about five bottles of it and am sure I would have been in my grave by this time had it not been for this remedy. I would advise all suffering women to use Dr. Pierce's medicines."

C. P. Spencer, of Plano, Okla., writes: "I can best express my thanks for the benefit I have received from taking Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' They worked like a charm in my case. Am in better health now than for some time, and will not fail to recommend your medicine to my suffering friends. I hope you will receive my thanks for the good your medicine has done me."

M. Melville's drug store. I gave it to him and allowed it to be published in Lima papers in November of 1898, another representative interviewed me to ascertain if I was still free from kidney complaint which Doan's Kidney Pills had disposed of over two years before. I conscientiously made the following publication: "Since I used Doan's Kidney Pills, in 1896, I have had no return of kidney trouble. I can recommend them today as highly as when I gave my first statement. They are reliable and effective for backache and inactive kidneys."

HUNDREDS GATHERED

To Worship at the Shrine of Odd Fellowship in Delphos Last Night.

Special Train Carried a Big Delegation From
Lima and Elida--Splendid Address
Delivered by Pres. C. A.
Graham.

A special train of two coaches on the Pennsylvania carried nearly 200 Odd Fellows from Lima and Elida to Delphos last night where the Allen county association held its fourth annual session. The brothers had gathered from many other points to enjoy the occasion and when President C. A. Graham brought down the gavel at 7:30 it called to order nearly 500 members of the great and growing fraternity.

After the formal opening D. E. Baxter delivered a welcome address which was as warm as the noted hospitality of his home town, and his hearty reception of the guests was applauded to the echo at its close.

Mr. Baxter was followed by G. R. Mell, of Delphos, who delivered an address on "The Founding of Odd Fellowship in America." In his accustomed easy and able manner Mr. Mell took up the history of the order from the founding of the institution up to the present time, and noted the different bodies that have budded from the original stem. Statistics are always interesting and Mr. Mell had at his fingers ends an array of figures which are the truest indication of the growth and strength of the order, which he characterized as the greatest dispenser of charity of any like institution in the world.

He continued his statements to Ohio alone, where in 1903 there had been a gain of 2349 members. Ten lodges were instituted, bringing the total up to 731, and the total membership to 71,458. The cash receipts amounted to \$234,119.94 and the great sum of \$228,221.71 was spent for relief. There was paid to the widows and orphans fund nearly a quarter of a million dollars, or to be exact, \$245,927.45. The total assets reported December 31 was \$2,510,777.16.

Chenery lodge, No. 201 of Delphos, conferred the Initiatory degree. The staff was resplendent in new and

where or whom it fits. The Constitution--Future Legislation. The constitution of the grand lodge of the State of Ohio first came into existence shortly after the granting of a charter to the state of Ohio by the right worthy grand lodge of the United States (now the sovereign grand lodge) which charter bears date of September 5th A. D. 1831.

This instrument crude at first has been amended from time to time to meet existing conditions, until we have the present magnificent constitution which probably equals or even exceeds that of our sister jurisdiction. It is not perfect and it is not the object of this paper to seek to remedy its imperfection, but to suggest to this assembly some matters which are subjects for discussion as to change. Whether the proposed changes would meet with the approval of the brethren at large or cause the instrument to approach perfection I am not able to say. As a whole, our Grand Lodge and Sovereign Grand Lodge constitutions are subjects of praise rather than censure or criticism.

The matter of preserving the unwritten work in its original purity should command our careful consideration. I have visited lodges where great care was taken in conferring degrees, to impress the candidate by careful study and delivery of the lectures, and elegant and fantastic floor movements, but when he received his instructions in the unwritten work, the noble grand in giving same, would rival the most inartistic butcher. This condition of affairs is due largely to the fact that there is no direct communication between the grand lodge and the district deputy.

The deputy in order to obtain the work must attend the sessions of the grand lodge, in many cases at great expense or under the new plan make a trip to the grand secretary's office and after proving himself and being properly identified makes a study of the secret journal. After careful study he may be competent to communicate the work to the various lodges in his supervisory district.

Now as to the remedy. Abolish the office of the deputy grand master make the representative to the grand lodge the grand master deputy with all the powers given the district deputy, with instructions to install officers in the entire representative district in January, and with power to appoint past grand in each lodge to install in July. The appointed past grand to report to the representative and not to the grand master. The representative to make report to the grand lodge at its annual session. By this means we obtain an unbroken communication between the grand lodge direct and the subordinate. By this means we can greatly increase the knowledge of the unwritten work among the individual members. This I suggest for future legislation.

In nearly all the jurisdictions of the United States the officers of the grand lodge are elected from the floor of that body, the same as in the sovereign body, but in this state the past grand from each lodge votes for grand officers.

In some sections of our state there exists a sentiment in favor of abolishing the present system and following our sister's jurisdiction in electing up on the floor of the grand body. On the other hand the former mode would probably give the state a more efficient series of officers. Each mode has its advantages and disadvantages and this may be the subject for future legislation.

In section ten of the subordinate constitution, an applicant who has been rejected is deprived from applying for admission until six months after his rejection. I think this limitation should be abolished, or the time shortened, and I would act upon the old petition instead of requiring a new one.

Section twenty-nine fixes the minimum fee for initiation at \$5.00. When this section was adopted reducing the minimum fee for initiation the Odd Fellowship took a backward step in Ohio and lowered its dignity in the eyes of similar organizations.

There is nothing cheap or shoddy in any of the degrees of our order, and by this change it did not elevate its standing in the eyes of the world, and as of itself brought us no membership. While the order has made splendid advances in the last few years, it has done so in spite of and not because of the decrease in fees.

No person who really desires to become an Odd Fellow will stay away from us on account of fees, and the applicant whose application is obtained upon the strength of the fee alone is a questionable risk. The argument is used, that the fees were reduced for the benefit of the poor man, who desired to join our order, but men of limited means before paid \$10 without a murmur and were glad that they had the opportunity to do so.

Another matter that has given so many lodges trouble is the question of funeral expenses. The law now in force applies only to brethren who were in good standing at the time of the beginning of the fatal illness. Our laws should be amended so that funeral expenses may be paid provided the brother is in good standing at the time of death.

Again while our hired nurse system is to be commended, how prone we are to throw the whole responsibility of caring for the sick upon the officers of the lodge and the relief committee. We should not lose sight of the fact that there is an individual duty developing upon each of us in caring for and visiting the sick. In times past when a brother was stricken each individual member was ready to offer his services in behalf of the stricken family, which duty we are now inclined to throw upon the noble grand. The nurse system has to a great extent eliminated those former practices which were beautiful features of our order.

How to bring us back to the ancient custom is probably not a matter of legislation, but an inherent individual duty which we should not lose sight of.

The grand lodge session of 1903 made many and very valuable amendments, the most impartial of which is the criminal procedure. Heretofore, a brother charged with an offense, should he desire to appeal, must do so to the district grand committee composed of the past grands of the supervisory district in which the brother lodge is located. It has for centuries been the privilege of one charged with a crime to be tried by an impartial jury of his peers, but often in trials by a district grand committee the brother was tried before a quasi-court, that was often a partial one and frequently his accuser.

The last session eliminated this impartial feature by placing the brother on trial before a trial committee appointed by the grand master, no member of which shall be a member of the lodge to which the accused member belongs. This method is most commendable and secured to the accused the true constitutional right of trial by jury, thereby doing absolute justice to the accused as well as to the lodge.

One of the great hindrances to Odd Fellowship has been the lack of proper familiarity with the unwritten work and a remedy for this would be that a person having taken initiatory degree be required before advancement to the first degree to familiarize himself with the work of the degree taken, and so on throughout the various degrees of the subordinate lodge and should be required before becoming a member of the encampment to know all the secret work of the subordinate lodge.

I submit for your consideration, would it not be a just improvement to require each officer to so learn the unwritten work and charges that he perform all his duties pertaining to his office without the use of a ritual?

In some lodges especially in the summer season when the attendance is small and in others at all times it is a difficult matter to have a quorum vote on many questions, especially those of a local nature, and would it
